Forecast for Sunday 23 May 2021

Weather: A mostly dry, bright morning with just a few light showers breaking out. Becoming cloudy during the afternoon with more persistent rain reaching south of area later in afternoon, extending northwards to most ranges during evening.

Chance of cloud free mountain/hill tops above 800m: 90% decreasing to 30% in the evening.

Visibility: Air will continue to have great clarity resulting in excellent visibility. Also patchy cloud cover about 700M. Visibility will reduce to only a few kilometres later in afternoon as persistent rain sets in. Also clouds coming well down the hills.
